

MADE FOR US BY DETERS SHOE CO. You Need A Good Sole Under Foot

This Shoe is a Goodyear Welt, (hand method) made with Mooney Sole. This is a good, plump sole leather, but the method of tanning renders it as soft and pliable as a thin, turn sole. You can readily bend the toe clear back to the heel. This is an ideal Shoe for this time of year, being flexible and easy and at the same time heavy enough for stormy weather.
